History. The earliest known docks were those discovered in Wadi al-Jarf, an ancient Egyptian harbor dating from 2500 BC located on the Red Sea coast. Archaeologists also discovered anchors and storage jars near the site. A dock from Lothal in India dates from 2400 BC and was located away from the main current to avoid deposition of silt. Modern oceanographers have observed that the ancient ...

Overseas Tankship (UK) Ltd v Morts Dock and Engineering Co Ltd, commonly known as Wagon Mound (No. 1), is a landmark tort law case, which imposed a remoteness rule for causation in negligence. The Privy Council held that a party can be held liable only for loss that was reasonably foreseeable. Contributory negligence on the part of the dock owners was also relevant in the decision, and was ...

Related Read: Understanding Ship Stability During Dry Dock In the earlier days, the graving docks were constructed using stones and timber. Now, steel and concrete structure is used to make the enclosure and heavy steel gate is used to seal the dock to stop the ingress of water once the ship is standing on the blocks.

BBC News - In pictures: Engineer John Rennie's historic ... Recruitment . The Port of Dover is proud to be recognised as Europe's busiest and most successful ferry port and to have thriving cruise, cargo and marina businesses.

About - Recruitment - Port of Dover
Dover’s first railway station was opened on 6 February 1844 by the South Eastern Railway (SER) in the Pier District of the town. In February and March 1845 the town Mayor, William Clarke, convened well attended public meetings about a railway line from London to Dover via Canterbury.

Disused Stations: Dover Harbour Station
The Box begins in 1956 with a vignette of a crane in Newark, New Jersey lifting 58 aluminium truck bodies onto the refitted tanker Ideal-X, but otherwise its opening chapter "The World the Box Made" is a general overview of how shipping containers work and their impact on transport costs. The chapters that follow take up a number of different strands in the history of container shipping, in ...
