Steam: Game and Player Statistics
Who Should Take This Course: Anyone who is familiar with R and wants to learn how to use it to build and use statistical models. IMPORTANT: the course will cover a variety of techniques and at different levels, to meet the needs of different groups of users. Those with minimal-to-moderate statistics preparation will want to spend time on the more extensive presentation of linear regression ...

Statistics.com - Modeling in R
My statistical knowledge and base continues to increase significantly now with each additional Statistics.com course taken. While I may not be using all the learnings directly in my day-to-day work (for example, regression modeling or calculating sample sizes), they are all influencing how I think about, approach, and work with data every day; the way in which I describe and present data and ...
